2027

200 hours of learning

Organisational & Educational Transactional Analysis

Purpose

- Our focus is a TA lens on Groups and Teams inside systems and the interventions of Leadership, Facilitation and Learning.

Professional

- You will develop your fluency using TA concepts to think about your work
- You will gain insight into specialised TA concepts developed by Berne and others which enrich a relational perspective on work which involves learning and interventions in organisational contexts: culture, organisational structures, dynamics and power, leadership, groupings, multi-party contracts, emotional fluency and more.
- Supervision with one of the trainers is additional and required in order that participants reflect on their practice
- TAworks is concerned about global warming caused by travel and also individual's finances caused by global events and have made an ethical choice to create programmes with a mix of powerful experiential learning in 2 day zoom sessions mixed with in-person days in Oxford

Potential proficiency

- You will develop your capacities as a practitioner, and be in a position to consider the benefits of becoming a CTA in organisational or educational applications.

Practicalities

- Timings are 0900-1800 each day with a later 1030 start on the first day of the in-person groups in Oxford and a 1700 finish on Sundays.
- Dates for 2027 are: 4-7 Feb in-person, 5-7 Mar, 16-18 April, 14-16 May, 18-20 June, 18-20 July in-person, 17-19 September, 15-17 October
- We have found that we can be very creative and inspiring online.
- We aim for a group size which enables us all to really be in quality contact with each person and build a sense of community.

Process

- TAworks builds on co-created, emergent, experiential learning, with a relational approach - we aim to 'walk the talk'
- 2028 centres on on The System itself - and the process of consulting
- 2029 focusses on The individual in systems - and the roles of coach, mentor plus leader and follower plus the Counselling edge.

Participants

Your concern is in organisational development and you have roles such as trainer, coach, consultant, mentor, facilitator, tutor, manager, director or in some other role. You have a solid cognitive & experiential knowledge of classical TA concepts, gained through a minimum of 100 hours TA learning in any field. You usually recognise when you cathect your Adult ego state. TAworks is a boutique TA training establishment and keeps groups small.
